Issued to Student

This record is for studies in the Faculty of Arts and Sciences only; for a transcript of the record of any work in a graduate school other than FAS, refer to the appropriate graduate school of Harvard University.

As of July 1, 1966, the certification of Radcliffe College transcripts is under the jurisdiction of the Registrar of the Faculty of Arts and Sciences. Beginning with the academic year 1962, the A.B. or S.B. degree awarded to Radcliffe College students is conferred upon them by Harvard University. The S.B. degree program is accredited by the Accreditation Board for Engineering and Technology.

RATE OF WORK- The Faculty of Arts and Sciences does not use the semester hour as the unit of credit nor is extra credit granted for courses with laboratory work. Evaluation is in terms of “full courses” and “half courses.” A full course under this Faculty might appropriately be translated as equal to at least eight semester hours of credit; a half course to at least four semester hours. The normal rate of work is the equivalent of four half courses each term or four full courses per year.

COURSE LEVELS & SYMBOLS- *hf* indicates half course extending throughout the year; *S* indicates a course taken in Summer School; *#* indicates the grade was filed late on account of a makeup examination or extension of time granted by the Administrative Board after 1969; *r* means the course may be repeated for credit; ¹ indicates term; *QR* is an abbreviation for Quantitative Reasoning.

Most courses are numbered with the following general scheme:

1-99	Primarily for Undergraduates (lower group)
100-199	For Undergraduates and Graduates (middle group)
200-299	Primarily for Graduates (upper group)
300-399	Graduate Courses of Reading and Research (upper group)

Economics, Government, History, Psychology, and Religion courses have four-digit numbers. There the following general scheme applies:

1-999	Primarily for Undergraduates (lower group)
1000-1999	For Undergraduates and Graduates (middle group)
2000-2999	Primarily for Graduates (upper group)
3000-3999	Graduate Courses of Reading and Research (upper group)

GRADING SYSTEM- Prior to 1950, letter grades comprised only A,B,C,D, and E. Since then, letter grades are A, A-, B+, B, B-, C+, C, C-, D+, D, D-, and E. B- and above are honors grades; C- and above are satisfactory grades; D+, D, and D- are unsatisfactory but passing grades. Non-letter grades are *CR* (Credit), *NCR* (No Credit); *PA* indicates course was passed (D- or higher); *SAT* indicates the course was completed satisfactorily (C or higher for undergraduates; B- or higher for graduate students), *ABS* indicates absence from the examination and failure in the course. The following grades are failing: *E*, *NCR*, *FL*, *UNS*, and *EXLD* (Excluded). *ex* indicates excused from the final examination as an honors candidate taking General Examinations, and the adjacent grade shows the quality of work up to the final examination. Bracketed grades without the accompanying symbol “*ex*” indicate that the course does not count toward the undergraduate degree. *WD* indicates permission to withdraw from the course without completing requirements and without credit for the course. *GNR* is used for a grade not reported for a course taken by cross-registration. *SUS* means that the full course was suspended at midyear without credit. ~ indicates that a current semester course is currently in progress. * indicates a full-year course is currently in progress.

GRADE POINT AVERAGES Beginning in September 2003, the Faculty of Arts and Sciences moved to the 4-point scale: A=4.00, A-=3.67, B+=3.33, B=3.0, B-=2.67, C+=2.33, C=2.00, C-=1.67, D+=1.33, D=1.00, D-=0.67, E, FL, ABS, NCR, UNS, EXLD=0. The Annual and Cumulative Grade Point Averages reported on the transcript for students entering the College in September 2003 is based on the 4-point scales. The transcript for continuing students in attendance as of September 2003 reports both Annual Rank (based on the 15-point scale) and Annual and Cumulative Grade Point Averages (based on the 4-point scale) for the semesters the student attended prior to September 2003.

EXPLANATION OF UNDERGRADUATE RANK LIST From 1966 through August 2003, rather than assigning individual rank in class to students, undergraduates were placed in one of six Rank List Groups at the end of each academic year; prior to 1966, various rules were used to define rank list, through the overall approach was quite similar. For computation of the Rank List, the twelve categories of letter grades had numerical equivalents on a fifteen- point scale (A=15, A-=14, B+=12, B=11, B-=10, C+=8, C=7, C-=6, D+=4, D=3, D-=2, E=0). Passing non-letter grades were not considered; failing non-letter grades (ABS, EXLD, FL, NCR, and UNS)=0. Minimum requirement for the several Rank List Groups were as follows:

RANK LIST	GROUP MINIMUM REQUIREMENTS
Group I	A- average
Group II	B+ average
Group III	B- average
Group IV	C+ average
Group V	C- average
Group VI	Any grade averages below C-
INS	Record incomplete.

FOR GRADUATE STUDENTS ONLY – The minimum standard for satisfactory work is a B average in each academic year. A grade of C or *INC* is offset by a grade of A, and a D by two A’s (no account is taken of plus and minus). The grade of *INC* (Incomplete) is granted only at the discretion of the instructor. A graduate student who receives a grade of *INC* must complete the work of the course before the end of the term following that in which the course was taken. If the work is not submitted by that time the *INC* becomes a permanent grade. A graduate student may petition the Dean’s Office for an extension of time to complete the work of the incomplete course. Grade point averages are not computed for students in the Graduate School. A unit of “*TIME*” is ungraded independent work equivalent to one half course.
